📅 07-12-2006

Summary

Motivated and detail-oriented B.Tech (CSM) 3rd Year student with a strong foundation in programming and problem-solving.

Proficient in C, Java, and Python with a keen interest in software development and emerging technologies. Seeking internship opportunities to apply technical knowledge, enhance coding skills, and contribute effectively to innovative projects.

Education

07/2024 – Present	Bachelor of technology (B.tech)
Chowdavaram, guntur	<i>R.V.R & J.C College of Engineering</i> Cgpa -9.69
07/2022 – 04/2024	Board of Intermediate Education
Chilakaluripet, India	<i>Narayana junior college</i> Percentage-96.4
06/2021 – 04/2022	Board of secondary education
	<i>Narayan e-Techno school</i> Percentage -93

Skills

Technical skills

- Python
- Java
- C
- Data Structure and Algorithms
- SQL
- Git and GitHub
- Flask
- HTML
- CSS
- JavaScript

Soft skills

- Communication
- Problem Solving
- Team Collaboration
- Time Management
- Critical Thinking

Projects

RealHer

Women Safety Technology Solution

Developed an AI-powered web application to help protect women from deepfake attacks and digital identity misuse. The platform enables users to upload images or videos for deepfake detection, securely stores digital evidence, and simplifies cyber abuse reporting. Designed a user-friendly interface with multilingual support and focused on privacy, accessibility, and women's online safety.

Public Voice

Civic Issue Reporting Platform

Developed a web-based platform that enables citizens to report public issues such as potholes, garbage, water leakage, and streetlight failures. The system allows users to submit complaints with location details and images, helping authorities track, manage, and resolve civic issues efficiently.

Interests

- Tech communities and hackathons
- learning new technologies
- travelling
- listening to music

Certificates

Java Programming Course

Guvi

Finished a foundational course in Java programming covering core concepts such as variables, data types, control structures, object-oriented programming basics, and problem-solving using Java. Developed a strong understanding of Java fundamentals and programming logic

TCS ION Career Edge

Young Professional Certification

Finished a professional development program focusing on communication skills, presentation skills, business etiquette, resume writing, interview preparation, and foundational IT concepts. Developed essential workplace and career readiness skills.

Google AI & ML

Completed a virtual internship focused on Artificial Intelligence and Machine Learning.
Gained knowledge of machine learning concepts, data preprocessing, model development, and evaluation.
Worked with AI/ML concepts through practical assignments and hands-on learning.
Developed an understanding of real-world applications of AI and ML.

TechA python developer

Infosys Pragathi Cohort 7

Finished certification in Python programming, covering core concepts such as data types, control structures, functions, and problem-solving using Python. Developed foundational skills in writing efficient Python programs and understanding programming logic.

Java full stack development

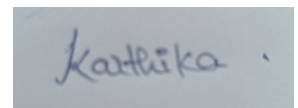

Completed training in Core Java, Object-Oriented Programming (OOP), HTML, CSS, JavaScript, SQL, and database connectivity.

Gained practical knowledge of frontend and backend development, REST APIs, and building web applications.

Developed understanding of full-stack application development and software development practices.

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief. I take full responsibility for the accuracy of the details mentioned in this resume. Yadala Karthika

ACHIEVEMENTS & ACTIVITIES

- Competed in AI for Bharat Hackathon, contributing to the design and development of AI-driven solutions under time constraints.
- Strengthened skills in problem-solving, collaboration, and practical implementation of AI concepts.
- Member of Infosys Pragathi Cohort 7.
- Active member of College Coding Club and participant in technical workshops
